

ISI Inspection

Key findings & highlights

2016

Bedford School was inspected by the Independent Schools Inspectorate (ISI) in November 2016. The inspectors carried out an Educational Quality Inspection and a Focused Compliance Inspection.

Educational Quality Inspection

The Educational Quality Inspection reports on the quality of the school's work. It focuses on the two key outcomes:

- 1. The achievement of the pupils, including their academic development.**
- 2. The personal development of the pupils.**

The ISI reports do not provide a single overarching judgement for the school but instead give a clear judgement about key outcomes for pupils and information on the quality of the school's work.

The headline judgements must include one of the following ISI descriptors:

- **Excellent (highest possible level of attainment)**
- **Good**
- **Sound**
- **Unsatisfactory**
