

Bedfordshire Wildlife Rescue

We are Bedfordshire's only **wildlife rescue** centre. We care for and rehabilitate sick and injured **wildlife**, specialising in the care of orphaned birds.

We are a small home based charity, doing a large amount of work! We help care for and rehabilitate sick and injured wildlife, including birds, foxes, badgers, and hedgehogs.

We are the only Wildlife Rescue charity covering Bedfordshire, and have been running since early 2004. Each of the patients is assessed in our small treatment room in the first instance and either treated in-house or taken to our local supportive vet.

During the last few years, the charity has become well known, particularly for a knowledge of bird care and rears around 400 birds alone each season.
