

HARPUR SCIENCE FORUM LECTURE

A MAGICAL MYSTERY TOUR OF OUR AMAZING COSMOS

BEDFORD
SCHOOL

THURSDAY 24 JANUARY, 4.30PM-5.45PM | REFRESHMENTS FROM 4.00PM

Prof John C Brown, 10th Astronomer Royal for Scotland, Lecturer at the University of Glasgow and semi-professional magician will conduct a high speed tour of the wonders of our cosmos, from shooting stars to planets, stars, galaxies and beyond, showing the diversity and beauty of how they look and how they work. He will address the remarkable workings of aurorae and magnetic eruptions on the sun, as well as the nature of gravity and black holes.

DIRECTIONS

For directions, please visit www.bedfordschool.org.uk. If travelling by road, please enter the estate via De Parys Avenue (MK40 2TT) and follow signs to The Quarry Theatre. If arriving by foot, please use The Quarry Theatre main entrance in St Peter's Street.

Where

The Quarry Theatre at
St Luke's
Bedford School
