

## LITTLE SHEPHERD BOY

A little lonely shepherd boy sat on a hill,  
Sat all alone one night long long ago;  
He saw a bright star shining in the sky,  
A wond'rous sight to see so long ago!

Then came three wise men from afar,  
To find the road to Bethlehem,  
And high above there shone the star  
To show the way to those three wise men,

And as the bells were ringing out their  
song of joy,

The sweetest music filled the air  
as ne'er before,

\*And the little shepherd boy upon the hill,  
Was never lonely any more,

Never lonely anymore!
